Action taken by the Commission

The Commission:

(a) Agreed that the subject was of sufficient importance to merit attention at the next session of the Commission and that relevant papers should be prepared;

(b) Requested the Statistical Division to work with representatives from the United States, the Czech Republic, India and the International Monetary Fund to systematize the various ingredients in the discussion, to decide what papers needed to be produced and to commission those papers;

(c) Requested the Statistical Division to report on progress to the Commission's Working Group on International Statistical Programmes and Coordination, at its session in ... 1995.
